

High Quality Arrival PH Electrode Probe BNC Connector for Aquarium PH

Feature:

- 100% Brand new and high quality
- BNC connector, suitable for most pH meter and controller with BNC connector.
- Suitable for wide range of application: Aquariums, Hydroponics, Laboratory etc.
- Measurement range: 0.00~14.00 PH
- Zero-point: 7 +/- 0.5PH
- Alkali Error: 0.2PH
- Theoretical Percentage Slope: $\geq 98.5\%$
- Internal Resistance: $\leq 250M\Omega$
- Response Time: ≤ 1 min
- Operating Temperature: 0-60°C
- Terminal Blocks: BNC plug
- Cable length: Approx. 70cm
